Evolutions - Features and Benefits

- Beautiful Belgian Damask Plush Top Cover Material: This beautifully designed plush top cover material offers incredible comfort.
- Moisture Barrier Backing: Protects internal components for long trouble free life & a healthier sleep environment.
- 3-Zone Convoluted 1.5" Foam (Air Only): Manufactured with extra-thick, high-density polyurethane, convoluted foam. Formed with a unique combination of 3 distinctive zones to reduce stress on the pressure points & provide customized support for your entire body.
- It's Your Choice, Choose Your Support!: Choose between Air, Fluid, Latex, Memory-Cell® or InnoCoil support! By simply changing the inner Modules (Comfort Engine) of this mattress, you get exactly the type of bed & support you're looking for, plus you have the option of adjusting to soft or firm!
- Full Fit Contour Liner (Fluid Only): Provides a finished look while adding the function of a completely cleanable sleep system for a more healthy & breathe easy environment.
- Memory Weave Wrapped Power Edge Support: Edge support offering comfort & support whether sitting on the side or lying on the mattress. The Memory Weave provides our Power Edge with a "no bow" design increasing the durability & longevity by not allowing oxidation of the foam.
- Durable Top Enclosure: Encases all the internal components while adding style & beauty in your bedroom.
- Fully Assembled Foundation: Both K & Q are split for additional strength, stability and convenience when moving.
