	"Gentle Wave" Full Motion Body Support System	"Motionless Comfort" 8 Layer Mid-Body Support System	"Total Rest Advanced Comfort" 10 Layer Total Mid-Body Support	"Total Rest Advanced Comfort" 10 Layer Total Mid-Body Support		"Super-Firm Maximum Support" 12 Layer Total Mid-Body Support

FEATURING PREMIUM PERFORMANCE & ULTIMATE COMFORT WITH:

• **Perfection Frame Free Bed:** Allows you to select from a complete line of Support Chambers - all featuring "Total Body Support" for maximum orthopedic spinal alignment.

• **Perfection Sponge Bed:** Features the 12 layered Deep Fill Genesis™ G950 water chamber for "Total Body Support" and maximum orthopedic spinal alignment.

- Incredible Hydrodynamic Support provides pressure relieving comfort & feels like you are sleeping weightless & gravity free.
- A temperature controlled fluid system allows the body weight to be distributed more evenly over the surface, eliminating pressure on various parts of the body also helping improve circulation.
- Super soft Cotton and Bamboo stretch knit cover panel - both are renewable & sustainable Earth-Friendly materials.
- Digital controls provide precise temperature adjustment.

- Hypoallergenic stretch knit cover allows for pure flotation support and comfort - unlike any other softside system.
- Power Edge support utilizes exclusive M-Rail sling design for integrity and to maximize the sleeping surface. Fashionable faux suede side panel adds beauty and strength.
- Uses standard bed linens and a center support bed frame.
- Fully assembled foundation. King & Queen sizes are split for additional strength, stability & convenience when moving.
